SUMMARY

This amendment provides that the Androscoggin County commissioners may establish an apportionment commission. It delays the possible increase in county commissioners in Androscoggin County until the November 2010 election. If the Androscoggin County commissioners establish an apportionment commission, it requires the plan to be developed by October 1, 2009 for submission to the voters at the November 2009 election. If the plan is approved, the election for county commissioners would take place at the November 2010 election.
